## WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

## 8. SHOWING

The statement must enumerate the steps taken to ensure timely payment of the maintenance fee, the date and the manner in which the patentee became aware of the expiration of the patent, and the steps taken to file the petition promptly.

## 9. PETITIONER(S) REQUESTS THAT THE DELAYED PAYMENT OF THE MAINTENANCE FEE BE ACCEPTED AND THE PATENT REINSTATED.

### STATEMENT

(In the space below, please provide the showing of unavoidable delay recited in paragraph 8 above.)

I know that it is not the patent office responsibility to send notices to inventors in order to remind them of fees to maintain the granted patents.

I recall that in the 3 ½ year mark I had a notice sent to me by the patent lawyer asking me to pay maintenance fee and I did so in a timely manner. Nevertheless since that time I had no longer any relationship with my lawyer and in fact I also moved to a different address, so even if my lawyer did send me a reminder for the 7 ½ year mark fees, it did not get to me due to the move.

I must plea ignorance on this issue since I did not know about additional maintenance fees needed to keep my patent alive.

This is my first patent which I financed independently and until today was sure is still valid.

Since I am trying to revive the idea and make a product out of it, I randomly checked the status of the patent in order for me to know how long I still have before it will expire, and was astonished to find out that it is already expired due to maintenance fee not submitted.

If I only know that fees are due at the time I would pay them in a timely manner since the last thing I want, is to have my patented idea which cost me a lot to patent go to waste especially since I still believe it has great potential.

I hope that my patent will get reinstated and that I can make a product out of it, I had great hopes for it and I wish to keep it a valid patent idea.

(Please attach additional sheets if additional space is needed)
